

We Discover Children, They Discover the World!

## Golden Apple Preschool Education

As one of the most prestigious education groups in China specializing in education service from 0 to 18 years old, Golden Apple has the largest number of early childhood education entities in south-western China.

Each kindergarten in Golden Apple has its uniqueness in pedagogy, school-based curriculum, and architectural design.

Among all of our 40 kindergartens, we are running independently developed international education program in 6 kindergartens with half-day English and half-day Chinese methodology, where classroom-based EFL teacher is needed as English teachers based in classrooms from Monday to Friday.

At Golden Apple, we provide support in life starting from Day One for all our overseas teachers' safe and fruitful stay in China. At the same time, we offer prospects for future career development as we believe empowering is the key for the growth of both children and teachers.

We're currently looking for experienced and reflective early childhood practitioners with different backgrounds. If you fit the bill, we're happy to hear from you.
